Domestic workers in Hong Kong are more and more organized now! On 21 Nov 2010, we would like to invite you to our inauguration ceremony to witness our joy and solidarity:

The 300,000 domestic workers make up 8-9% of the working force in Hong Kong. We work hard every day as other workers do. We are workers. With strong will of organized domestic workers, we look forward to meeting you on 21 Nov 2010 and your support.
