I ensure domestic workers in my home receive fair wages, reasonable work hours and time to rest.

I respect the terms and conditions of employment as stipulated in the contract, signed between the domestic worker and myself.

I ensure that domestic workers in my home have access to decent healthcare.

I actively ensure a work environment that is free from abuse, harassment and violence.

I ensure that domestic workers in my home enjoy decent living conditions and a safe, secure and private bedroom.

I ensure domestic workers in my home enjoy a full day of rest, spent where and how they choose.
